Tenth Month offering in November

Tithing (Offering) is a spiritual discipline just like prayer and fasting. We are not sure how it happened that this important biblical principle is so neglected, but it is important that we understand that this is not a relative idea, but an absolute command from God.

For a long time, our congregation has had the custom of bringing a special offering to the Lord in October (the tenth month), to help us with sacrificial skills. The idea is that everyone will bring a tenth of your income - or as close as you can get - to this offering event.

Why then a special Tenth month thanks offering?

- In the Old Testament, giving a tenth of your income is very clearly addressed. (See Genesis 14:17-20, Genesis 28:22, Leviticus 27:30-32 and Malachi 3:10) It was a moral law, which every Israelite had to obey.

- But what does the New Testament teach us? Jesus does not abolish the tithe but confirms the principle of the tithe - that it is about your attitude of heart (read Matthew 23:23). Jesus says: give the tithe but also do justice, be trustworthy, be merciful.

Paul is very practical in his teaching about sacrificial skills and in 2 Corinthians 9:6-7 Paul writes that it had to be a voluntary gift. *"Remember: whoever sows sparingly will reap sparingly, and whoever sows bountifully will reap bountifully. Everyone must give as he has purposed in his heart, not reluctantly or out of compulsion."* Everyone must therefore settle the matter with himself and the Lord. And then surrender your voluntary offering with joy.

We appeal to everyone: let us give a full tithe of our income this month, and trust Father to provide for our personal financial needs. And if you already give a full tithe every month, see if you can make an extra offering during this month - as a gesture of gratitude and recognition of God's love and provision.

God bless you.
